I have entered all email address's of the PO's listed in the MADCPO directory.

Invitations to join the MADCPO Google Group went out to all PO's listed. They must accept and join the group in order to receive emails from group members.

As I said previously all board members, rep's and alt were automatically entered into the group and did not receive an email.

The link above will bring you to the sign in page. You must establish a Google account or use one of the approved alternate sign ins.

PLEASE go to the Google Groups question's page if you have any questions on how to use Google Groups.

Remember if you post or respond to an email it will go to all group members. If all Po's join that will be over 300 people who may join in on the discussion put out there.
